

ACLCA SA PRESENTATION

TOPIC: BIOAVAILABILITY & BIOACCESSIBILITY ASSESSMENT

Presented by: Dr Albert Juhasz – Associate Research Professor
Future Industries Institute (FTI), University of South Australia

Synopsis:

The presentation will detail approaches for the assessment of contaminant bioavailability and bioaccessibility as well as covering how data can be utilised to refine exposure assumptions for human health risk assessments.

Time: 12:00 pm for 12:30pm start – until 1:30pm approx.
Date: Tuesday 25 June 2025
Where: Pilgrim Hall (Pilgrim Uniting Church) – 12 Flinders Street Adelaide

Presenter's Bio:

Albert Juhasz is an Associate Research Professor within the Future Industries Institute at the University of South Australia, Adelaide. With over 20 years' research experience, Albert is internationally recognised for his multi-disciplinary research on the refinement of human health exposure through the assessment of contaminant bioavailability and bioaccessibility.

His research has translated into environmental policy refinement for quantifying exposure to environmental contaminants, both nationally and internationally. Albert also provides bioaccessibility and bioavailability testing services for industry in order to refine exposure for human health risk assessment.

REGISTRATION

Registration for all ACLCA SA events is essential at:

- <http://www.aclca.org.au/sa-events>

This workshop is free and open to attend for members and invited guests only.

Join us for a light lunch from 12:00 to 12.30 pm – session will commence at 12.30pm sharp!
